

January 26, 1972 Tues

Dear Vickie and Jim,

I just have to write and tell about our big snow storm. When I wrote to you the other day it was trying to snow and then turned to rain but yesterday it snowed all day and all night and it is still snowing. Everything has closed and dad didn't even go to work today. With two days of steady snowing is really quite an event here. My Swedish class was cancelled last night and I am sure we won't be able to have the Wednesday night class because the snow is predicted to continue. If anyone shows up here Wednesday night I am sure dad will teach the class. Since it is the beginners class I could do quite abit also.

I spent a good part of today putting my pictures in the album and I am all caught up now. I have been taking slides also so I didn't have quite as much to do as usual.

Dad measured the snow on top of the car that has been standing out and it measured $14\frac{1}{2}$ inches. He put chains on the station wagon so we are going down to the super market pretty soon and get a few things.

I hope your slides turned out real good from your Rüssian trip. The party you planned sounded like a lot of fun.

We plan to take Stella and Harold to the airport Sunday morning so we hope the weather will be better so their plane will take off on schedule.

I will stop for now so I can mail this when we go out. The snow is

coming down harder than ever right now. I am going to take a picture

of it.

More later.

Love,
Mom.
